# COURSE DETAILS & EXPECTATIONS

## Course Intention:

- To Learn the Ancestry and Past Life History of Your Soul
- To Discover the Plan and Mission of Your Current Life

## Course Description:

In life today your soul origin is illustrated in a myriad of ways tied to your unique qualities of body, mind, and spirit. Said differently, where you incarnate primarily is revealed in your skills, passions, and well-being. You may be a soul who has embodied innumerable times on Earth over tens of thousands of years (Earth-Based Soul/EB.) Conversely, the bulk of your soul experience may be not on Earth, meaning you've only "set foot" on our planet infrequently (Interplanetary Soul/IP.) Also possible is that you have few incarnations on Earth or elsewhere, and your soul origin is the Angelic Realm (Angelic-Realm Soul/AR.)

**What color is your Soul Parachute?** When you arrived into your current life on Earth what was your pre-birth mission and what soul/past life qualities did you transport? As a human and as a soul you are distinctive with qualities that arise from your soul origin. At times, you may misunderstand or misjudge yourself, or those around you, as being unusual and hard to accept. When you can identify the basis of your wisdom, capabilities, and challenges then progressing more deeply into your life mission becomes clear.

Interplanetary and Angelic-Realm Souls usually present themselves as different from those of us who have walked the path of our lives mostly on Earth. Earth-Based Souls are often paired with an Interplanetary Soul in a family or friend relationship to provide support and acceptance. How can you identify an EB, IP, or AR Soul in your life?

All souls come to Earth with purpose and intention. With the explanation of your exclusive and remarkable qualities then, and perhaps only then, you're able to advance into why you are here now. Angelic-Realm Souls are very, very sensitive to the need for love and compassion on our planet and may never have been on Earth. AR's frequently seem overly soft and emotion-based...and yet, AR Souls are of a high frequency and essential at this time.

In this course, we'll explore deeply who YOU ARE and WHY YOU ARE HERE NOW!

Join with like-minded folks to work together as I teach and share the characteristics, idiosyncrasies, and related life purpose for you as an EB, IP, AR---or friend and family member of one of these souls.

This virtual course is designed for teaching, experiential, and interaction time with all participants. Dr. Linda Backman will share a myriad of client case examples to deepen and expand the value of this program. We will come together to work in community and expand the evolution of Humanity.

**Each 90-minute class will include:** *Teaching, Client Case Examples, Experiential Guided Experience and Class Conversation/Q&A (Live and Email Discussion Strongly Encouraged).* The class will be taught using the Zoom platform.
