Dear Spiritual Friends,

I am so delighted to be assisting those of you who have already scheduled private channeling sessions, as I resume this service for clients Monday through Thursday via phone. As many of you are aware, in 2009 I began to channel beings from another realm. For five years I conducted hundreds of private channeling sessions for clients. In 2015, my spiritual guides requested that I cease channeling for others and concentrate on working with them to focus on receiving guidance daily with respect to our work and personal lives. This assistance has proven to be invaluable to Linda and me personally as we work to achieve our soul intentions in this incarnation.

Over the past several years, many of you have requested a private channeling session to receive advice on issues affecting your current life. While tempted, I have politely declined, as my Guides did not want me to reengage in this activity.

As life is always in a state of flux, my Guides have altered their position, requesting I now begin channeling for others. My channeling practice will be limited, as I will maintain my responsibilities to the RavenHeart Center. The guidance my Guides will provide to clients will focus on answering questions regarding current life issues and soul agreements. Furthermore, clients may receive guidance, advice, and support regarding spiritual practices, increasing intuitive capabilities, and understanding how they receive guidance from the spiritual realm.

Channeling sessions will be conducted via the phone and will be an hour in length. If you are interested in learning more or to schedule a channeling session, please contact me at 1-303-818-0575 or [Earl.Backman45@gmail.com](mailto:Earl.Backman45@gmail.com).

I welcome inquiries and questions from those of you wishing to gain insight, receive advice, and guidance from the spiritual realm. It will give me great pleasure to once again assist clients wishing to advance their understanding of current personal issues.

With Warm Blessings,

Earl L. Backman, Ph.D.

## Channeling Session Details:

- Sessions are one-hour, scheduled Monday-Thursday, and the fee is \$200.00 paid in advance via PayPal invoice when session is scheduled.
- Sessions are conducted over the phone, and you have permission to personally record the call if you wish. The call will not be recorded by Earl.
- When a session is scheduled, Earl will provide you with the phone number you are to call at the designated time we have agreed to channel.
- You can ask questions of the Guides that you feel will assist you in your current life.
- The Guides will answer the questions to the extent to which they are able.
- As this is not a regression session, the Guides may or may not be able to tell you where you come from or your soul intention in this incarnation.
- **The Guides do not like “why” questions.** Their preference is for questions that begin with “what” or “how” or “I would like to know the purpose....”

Linda and I have found over many years, our Guides like very specific questions that address issues or concerns we have. Of value, are responses to changes we are facing and decisions we need to make regarding our work or other personal issues. They have assisted us with valuable input on physical moves, work changes, medical concerns, relationships with our children and a myriad of other important decisions

Please let me know if you have questions or wish further information on this opportunity. Due to my other work responsibilities my channeling practice will be limited to 3 or 4 sessions per week. I request a two week notice of a cancellation for a full refund.

I look forward to providing guidance, should you choose to schedule a session; and I welcome any questions you might have. My purpose is to assist others by providing the guidance that Linda and I have found to be so valuable as we navigate the challenges of being a soul having an earthly experience.

Thank you again for your interest.
