## Seminar-at-Sea - Dr. Linda Backman's Workshop Exploring the Further Reaches of Your Soul: Accessing Your Spiritual Guides, Soul Archetype, and Interplanetary Lives

Past lives and life today reveal your Soul Archetype and Origin. Our soul's wisdom builds from one life to the next as we experience each incarnation. Unique qualities expand depending on whether our soul originates in the spiritual realm tied to the Earth, Interplanetary, or Angelic sphere.

Your Soul Archetype, among seven possibilities, is immortal. Combine your origin, archetype, and past lives and who you truly ARE becomes undeniably apparent. An examination of your current personality, health, and relationships uncovers your Soul Origin and Archetype.

Add in a deep dive into the discovery of your Spiritual Guide & Guiding Forces and you have a potent recipe to discover a clear explanation of who you are at the core. When you KNOW yourself from the "inside out" then, and only then, can you own and honor your reason for being embodied at this time to advance Humanity.
