COURSE DETAILS

Hades and Persephone symbolize the long-standing battle between the forces of Light vs. Dark. In 2022 the invasion of a sovereign land, the country of Ukraine, by the aggressor, Russia, indicates that Humanity continues to face free will action of evil energy attempting to overtake healthy life of freedom.

Join our community in this “New” virtual course to understand through Soul Regression and intuitive channeling how advanced souls continue to incarnate on Earth over thousands of years to bring forth thriving, evolved ways of life. Revelations of the souls of yesteryear, embodied today as leaders, will be discussed, including significant people tied to the current European crisis.

Join Dr. Linda Backman and our community to advance your Soul awareness and commitment to Humanity’s progress.

What are your Needs for this New Year? What are the Needs of Humanity and our Planet?

How is your Purpose tied to your Needs and the Needs of Humanity?

What are the Signs from your Guides that indicate your Purpose in 2022?

Whether you are a soul that incarnates regularly on Earth or are Interplanetary or Angelic, this course will deepen your agreements NOW. Is your soul involved on a High Council?

Quite simply, what are you going to do with your life in 2022? What are the signs that you are receiving direction about this year’s actions?

In this new virtual course, we join in community and focus on revealing and expanding your

human and soul commitments in 2022. Plus, together we will uncover and broaden your awareness of the direct guidance that you receive to move forward daily, honoring your life intentions.

Often our life intentions expand and are altered, even when we are unaware of such changes. Our guide may encourage us to move in a new direction. Also, our Higher Self may have extended their soul work in the higher realm, which would affect us in our everyday life.

In your life today YOU can take steps to enhance or reshape your present actions. It is “As Above, So Below”: Meaning the change can begin with our Higher Self responsibilities that affect our human life. Or we can undertake new actions on Earth which stimulates an increased role at the Soul level.

Goals and Content of this Course to Include:

- Re-Evaluation of Your Needs and Purpose for 2022
