

A Very Special Interview on GAIA TV Dr. Linda Backman on *Inspirations with Lisa Garr* Spiritual Healing Through Past Life Exploration

Can past life regression heal your present life? Does your soul evolve from one life to the next? Dr. Linda Backman specializes in past life regression, which she calls spiritual regression, and, as she's discovered with her clients, not every lifetime has necessarily been on Earth. She has no doubt that the soul reincarnates, and that the incarnations are designed for our spiritual advancement. Regression is like a key in the lock to demystify — and take the fear out of — what is going on in this lifetime. It is up to us to recognize the lesson and embrace it.

Dr. Linda Backman is an expert regression therapist and psychologist with 40 years of private practice experience, including 25 years guiding Soul Regressions. Linda is the author of *Bringing Your Soul to Light*, *The Evolving Soul* and *Souls on Earth*.
